

In Celebration of Cheese

More than just a meal, the Celebration of Cheese is a gourmet adventure. One way to get to know the world of cheese is to taste a wide variety thereof. On our cheese board, resplendent with the very best of cheese in season, you will find a fresh and exciting variety of aromas, tastes and textures. With six families of cheese each with more than twenty varieties, this represents a glorious procession of families and tastes in our Celebration of Cheese: an altogether unforgettable experience.

A veritable Celebration of Cheese, but equally of wine: this fantastic diversity, rooted in the produce of the land, in the passage of time and in the incomparable knowledge of master craftsmen is at the very heart of both the world of wine and of cheese.

Accordingly, we wanted to bring these two worlds together. Our cellar houses some 600 bottles – all these marvels produced by wine-growers whose talents and passion render them exemplary. The task of matching cheese to wine is a thing of magic....magic but very delicate indeed. With infinite care one can even challenge received wisdoms. When this is achieved with finesse it can even give birth to totally new and unique taste experiences. You may of course choose your own cheese and wine partnerships, but we would be only too pleased to offer our advice and experience to help ensure a particularly successful combination.

The Celebration of Cheese - and Wine – is evidently an exceptional event, but, even so, it is open and accessible to everyone. In keeping with the warm and simple style and setting of our little tasting cellar we are sure you will find the welcome and company convivial above all.
